

# Expo Center

Expo Center is made up of eight buildings linked together by a common outdoor brick plaza. With a total of 58,870 square feet, this aesthetically pleasing complex includes a surrounding lagoon, dramatic entry bridge and finished white walls and floors in all the buildings. The clean lines and high ceilings are perfectly suited for car shows, trade and consumer shows, art exhibits, fundraisers, banquets, meetings and conventions. Past events include Bridal Showcase, Festival de la Familia and the Import Car Show.

<b>Square footage</b>	58,870 total indoors #1 = 7,549                      #5 = 7,934 #2 = 5,987                      #6 = 7,832 #3 = 7,929                      #7 = 7,931 #4 = 7,860                      #8 = 5,848
<b>8 x 10 booths</b>	350 with all eight buildings
<b>10 x 10 booths</b>	287 with all eight buildings
<b>Floor</b>	#1 concrete, #2-8 asphalt tiles
<b>Power</b>	120/208 – 3 phase 4 wire from walls and ceilings 110 V outlets 6" off ground every 2.5'
<b>Lights</b>	#1 = metal Halide
<b>Loading access</b>	Loading doors in buildings #2-7, 15' W x 12' H or 7' W doors in buildings #1-8
<b>Loading capacity</b>	150 lbs./sq. ft. on pedestrian walkways and mezzanine levels
